## What's Happened Around the Track

### STATE TITLE ROUND 4 !!!

**What an amazing 2 days and reportedly the best event on the calendar this year, well done TTG! An incredible effort from all our committee and those members who gave their time and effort to make the event the best so far in the state. Our heartfelt thanks go to all those who helped on the day as well as the preparation work. Special notation to Neville for the best track possible, Roger, Jane and Juanita in the canteen, Leon and Morrie for the late night watchmen at the track too,**

**"This Club is truly amazing be proud of it"**

### State Title Round 4 at TTG!

Wow what can you say two days of excitement and challenge both on and off the track. Saturday saw inclement weather bring rain and wind making it uncomfortable for both riders and spectators however we saw some great riding and some very quick lap times. The day culminated in an exciting feature race in the 85-150 class with a full gate and some of the fastest lap times we've seen this year. Sunday was even better in fact the best day event of the season so far, the track was amazing, the running went like clockwork, and the canteen was busy all day long. Racing was fantastic with only a few injuries and crashes and overall everyone had a great time. Please check MSA website for details of placings and see where you are overall.

### State Title Round 5 Entries

Just a reminder to all members that entry forms and payments for the round at Gillman MRA were due on Monday and I hope that you entered. This is the last event on the yearly calendar and its going to be a blast with many points close between all classes and final positions could be decided on the day. If you really enjoy your racing come along and support our local riders on the day.

### Sunday 12th July Club Day

This weekends club event is nearly upon us! If you intend riding please contact one of our committee to let us know so that we can arrange the canteen and staffing at the track to hold the event. It has been brought to my attention that some families are travelling to interstate events this weekend so we may be down on member attending. If you are coming please let us know so that we can make it a memorable event!

**Anyone able to help at the track for this weekends meeting will be gladly appreciated please volunteer your services at the track on the day.**

### **"No Change of rules so ! Take Note!"**

All riders will have to have a flaggie with them at all major events, from now on any rider that doesn't and has not made arrangements with the host club will be removed from the event and will not ride!! These new rules were put in place this season and so far have gone without a hitch, it is not fair to the host club if you do the wrong thing, flaggies are your responsibility if you want to ride and compete.

**Don't forget that there will be a Y-AIM Coaching day on the 14th and 15th November as well.**

**And a kind reminder to you all that no pets are allowed at any motocross events, hasn't been a problem with our members but some people do not comply with these rules at events this year. Also make sure that everyone with you wears close shoes in the pit areas for their own safety and also to comply with rules and regs state wide. Remember its for your own safety and that of your friends.**
