HELPERS WELCOME.**

CLUB RACE MEETING

15TH MARCH 2009

Please ensure your membership is up to date.

**Please be careful when approaching the track
as there is roadworks and heavy vehicles using
Para Valley Road.**

Clubman Series Round Two Entries

Round Two of the Clubman Series is approaching soon and registrations must be in by the 16th of March for the next heat. There will be no late entries accepted at all from now on so make sure if you want to enter register before the 16th, Chris Kelly will be at our track this weekend to accept entries if you have them ready.

Port Lincoln Clubman Series Event.

For those of you who missed the event it was a tremendous success with riders descending on the town from all over the state. The track was excellent and very safe for riders with passing made easy by the design and overall size, The back straight was huge and allowed flat out racing up to 130kph from the 450's and not that much slower from the 250's either. Plenty of jumps, table tops and high berms made for great riding and a safe meeting without any injuries. Our own club was supported by 16 riders which was a great turn out. Some fantastic efforts were recorded from our members with special mention to Sarah White with a 4th position in the womens, Darren Averay in the Veterans with an outstanding race, young Tyler Thompson

on his first ride in the 250's put in a great effort, Amanda Taterelli came to grief on the stutters and was a bit dazed by the crash however she recovered well and went on to ride the next races, And Dave Heasman raced three from three in his first outing to take out the overall winner of the 450 class. Well done to all! You did our club proud. The event was a huge success the track was great and the most important thing was that there was no injuries to any riders, what more could you hope for.

Anyone able to help in the canteen for this weekends meeting will be gladly appreciated please volunteer your services at the track on the day.

“New rules at major events! Take Note!”

All riders will have to have a flaggie with them at all major events, from now on any rider that doesn't and has not made arrangements with the host club will be removed from the event and will not ride!! These new rules were put in place at Port Lincoln on the weekend and went without a hitch, it is not fair to the host club if you do the wrong thing, flaggies are **your** responsibility if you want to ride and compete.

BRING ALONG A FLAGGIE!!

| 25 th October | Club Day |
| 22 nd November | Club Fun Day |

2009 Motocross Numbers For the 2009 season, the process and numbering system for Motocross has been changed. As many riders as possible have been notified of this occurrence at the final rounds of the state championships. If you could please remind your clubs riders that they need to contact the MX Sports Manager (Chris Kelly on 0418 816900) as soon as possible to find out how these changes may affect you.

Thanks for Your help at the Track!!!

This week is our first club day and with all of the changes at the track we need to have a working bee on the Saturday to get things ready for the Sundays races, We will need extra help with the weather being warmer to water the track on both Saturday and again on the race day Sunday. So if you can assist us please gather at th track on Saturday and of course we would like

you all there on Sunday for a great days racing. New fences at the viewing area look great and with the new painting our club is definitely at the fore-front of the state. The new track is getting the thumbs up from riders already and the changes made by Mark Thmpson will make for exciting racing in all classes. With so many new machines this year competition will be

fierce in all classes and the new layout of the track will make it a fast one for the big 450's.

See you all there on Saturday for a great days racing!

“Port Lincoln Clubman Series”

Our club members travelled the 6 and a half hours trip to the first clubman series event, The drive was an easy one with no mishaps to anyone , a few kangaroos, emus and foxes along the way but generally everyone had a safe trip over and back.

Our riders competing were:-

Clubman B Grade:- Heath Shelmerdine, Billy Bartlett, Aiden Mitchell

Clubman C Grade :- Aiden Quinn, Jason Mitchell, Craig Shepley, Adrian Stone, Richard Hutt

Junior Support :- Tyler Thompson

Womens :- Sarah White, Amanda Taterelli

Clubman Open :- Dave Heasman, Daniel Howard

Veterans AI Powers:- Peter Cunningham, Darren Averay, Mark Thompson
